Dear Kevin,

As I conclude my tenure at Cardinal Newman High School and the Diocese of Palm Beach, I wish to express my appreciation to you and your colleagues for leading us through our initial campaign feasibility study as well as the \$14 million *Shaping the Future* appeal. While we encountered some unique challenges, including a global pandemic, we encountered significant short-term and long-term success. The organization of the entire process and the effort and expertise provided were exceptionally well structured and implemented. Everyone on your team was highly professional and committed to assisting us accomplish our goals. Your enthusiasm for addressing the specific needs of our institution and your accessibility to me and my staff was particularly appreciated.

The accomplishments of Cardinal Newman's campaign is a direct result of the generosity of our parents, alumni, and special friends who believe in the school's important mission and vision. The expertise and dedication of Lynch Development Associates in thoughtfully guiding us through the appeal process enabled us to generate broad interest that will be sustainable well into the future. The insights and direction offered proved to be invaluable. I enjoyed working with you and your competent staff and I am pleased to recommend your services to others who may benefit from them.

Wishing you God's continued blessings.
