OFFICE OF THE PRESIDENT

August 13, 2018

Mr. Kevin Lynch
Lynch Development Associates

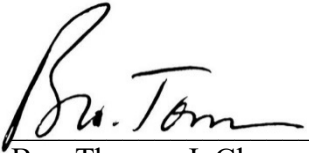

Dear Kevin,

In September of 2016, we agreed to work together with Lynch Development Associates and relied on your experience and knowledge to launch a capital campaign for Chaminade's new Science, Technology, and Research Center. After initial discussions and review, we decided on a Capital Campaign goal of \$20 million, with Lynch Development charting our course.

Capital campaigns are challenging, time-consuming, and require careful attention of our office staff. Under the direction of Lynch Development, we have been quite successful navigating and directing this campaign. I have been involved with two previous campaigns; I believe this campaign has been the most successful and well-organized.

Not only did we surpass our \$20 million goal by raising a record \$22.5 million, we will take away from this capital campaign a greater, stronger, and more forward-driven mindset for our Office of Institutional, Advancement. We have all learned new ways to approach development initiatives and have grown with Lynch's lead *and* example of fundraising best-practices.

Finally, I look forward to future collaboration between Chaminade and Lynch Development Associates!

Bro. Thomas J. Cleary, S.M.
President
